HOGUE INC ANNOUNCES 50TH ANNIVERSARY

Henderson, NV – Hogue, Inc., is proud to announce 2017 as their fiftieth year as the world's premier firearm grip manufacturer. Hogue has been home to a proud family tradition of American quality and innovation since 1968. Every Hogue product is built in the spirit of fine craftsmanship, attention to detail and dedication to the legacy of their founder, Guy Hogue. This passion for precision manufacturing has been passed down to the owners of Hogue, Inc.: his sons Aaron and Patrick, his grandson Neil and to Hogue Tool and Machine president, Jim Bruhns.

When Guy Hogue created his first hand-made wooden handgun grip in his garage in 1968 he could not have dreamed his enterprise would grow into the world's leading manufacturer of firearm grips. Fifty years later, Hogue, Inc. has expanded with full lines of knives, stocks, holsters, gear and tactical components. Hogue has positioned themselves successfully to take advantage of their rich family history yet continually strives to make a difference in the ever-changing landscape of the firearms industry.

Hogue products are manufactured in their family-owned and operated facilities under the direct supervision of the Hogue family. Hogue, Inc. supports local dealers and encourages customers to purchase Hogue products locally.
