## HOGUE 1911 GRIPS FOR TECHWELL® MAGWELLS

*Henderson, NV* – Hogue Incorporated now offers the best and most accurate reloading options for 1911 pistol owners. Hogue has taken their popular Extreme™ Series grips for 1911 Government models that already accommodate S&A Mag Guides® and has redesigned them for additional compatibility with Techwell® magwells. Magwells are known to increase the speed of reloading during competitions, self-defense, or training. They can enhance any shooting experience where accuracy and quickness are the goals.

Grips often require a gunsmith to accept Techwell® magwells, but now the 1911 owner has no need to make any alterations at all. “This is the quickest and easiest way to add a magwell without any gunsmithing,” said owner Patrick Hogue.

Hogue has not only made it easier on the magwell user, but has also provided customization with a wide variety of grip colors and textures to choose from. G10 grips cut for Techwell magwells are available in Solid Black, G-Mascus® Black-Grey, and G-Mascus Green. G10 grips come in a variety of textures such as smooth, checkered piranha grip, and chain link. The MSRP for G10 grips ranges from \$39.95-\$59.95.

Hogue even offers grips for Techwell® magwells in wood! There are a variety of wood options including Goncalo Alves, Pau Ferro, Lamo Camo, Rosewood Laminate, Kingwood, Tulipwood, Cocobolo, Rosewood, and Ebony. Wood grips are offered in either smooth or checkered textures. The MSRP for wood grips ranges from \$29.95-\$59.95.

Polymer grips also offer a sleek look and are available in Smooth Ivory, White Pearlized Polymer, Black Pearlized Polymer, and Pink Pearlized Polymer. The MSRP for polymer grips ranges from \$39.95-\$44.95.

Hogue grips are manufactured in family-owned and operated facilities under the direct supervision of the Hogue family. Hogue Incorporated supports local dealers and encourages customers to purchase Hogue products locally. For more information, please call Hogue directly at 1-800-438-4747 or visit [www.hogueinc.com](http://www.hogueinc.com) to find a Hogue dealer near you.

Available in Hogue's Extreme™ G10, wood, and polymer materials

Internal clearance allows for effortless installation

Compatible with Techwell® Magwells and S&A Mag Guides®

Enlarges the magwell opening, resulting in faster and more accurate reloading

**SUPER EASY  
INSTALLATION**  
—  
**NO GUNSMITHING  
REQUIRED**

Select styles of Hogue 1911 grip panels are cut with an inlet in order to readily accept a Techwell® magwell. The grips panels are easily attachable to the magwell funnel, which allows for faster and more accurate reloading. Installation requires minimal steps, and absolutely no gunsmithing.
