

## HOGUE INC OFFERS MAGRIP™ KITS FOR 1911 GOVERNMENT MODEL PISTOLS

*Henderson, NV* – If you're a proud owner of a 1911 Government Model autoloader and you're considering a new set of grip panels, Hogue Incorporated cordially invites you to take it the next level with one of their Magrip Kits. Each kit includes two extended grip panels and a matching mainspring housing. "Once installed, a Magrip Kit integrates a magwell into your 1911 grips." said Pat Hogue. "That makes for quicker, easier magazine changes – a must have in competition. Plus, it's a great way to unify the look and feel of one of America's most popular sidearms."

Aluminum Magrip Kits are available in matte black with a checkered texture and your choice of either a flat or arched mainspring housing at an MSRP of \$119.95.

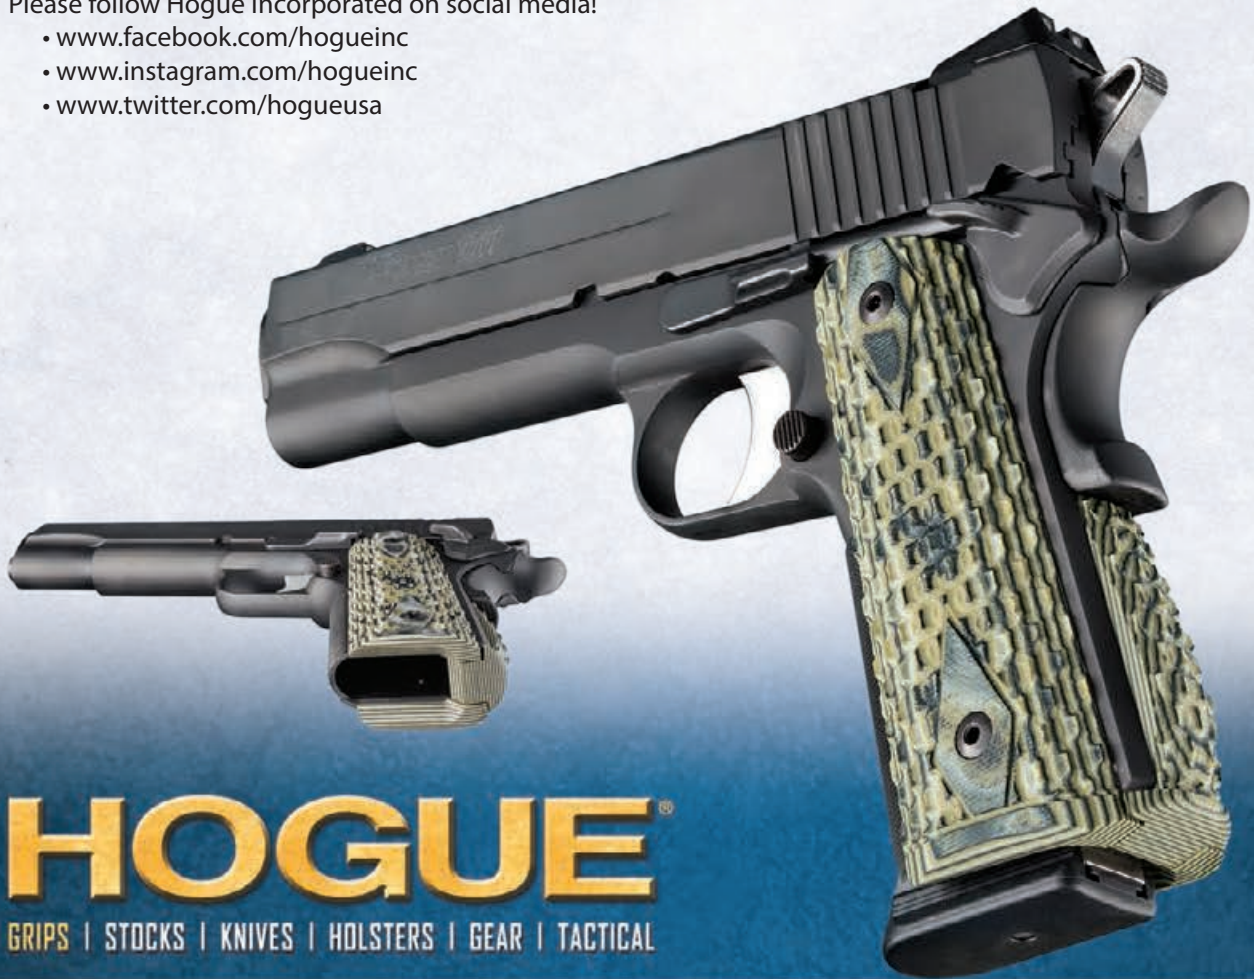

G10 Magrip Kits for 1911 Models include options for smooth, checkered, "Piranha Grip" and "Chain Link" textures in Solid Black, G-Mascus Green or G-Mascus Black/Gray. Choose between flat or arched mainspring housings according to preference. G10 Magrip Kits are priced at \$99.95 MSRP for the smooth texture while checkered, Piranha Grip and Chain Link designs retail for \$119.95.

"A Hogue 1911 Magrip Kit adds some real 'wow factor' to a classic semi-automatic pistol," said Hogue. "A lot of our customers aren't aware of our Magrip Kit option so we're making an extra effort to get the good word out."

Hogue Magrip Kits for 1911 Government Model pistols are manufactured in family-owned and operated facilities under the direct supervision of the Hogue family. Hogue Incorporated supports local dealers and encourages customers to purchase Hogue products locally.
