

NEW G10 GRIP COLORS AVAILABLE FOR SIG SAUER P238 AND P938

Henderson, NV – Hogue Inc., America's premier manufacturer of firearm grips, stocks, AR components, knives, holsters, and gear is putting even more customization in the hands of SIG SAUER firearm owners with an expanded line of G10 colors for their P238 and P938 grips.

Hogue's new P238 and P938 grips add to a selection of G10 grips that is unmatched. Hogue produces more G10 product for the firearm industry than any other manufacturer in the world! They not only offer aftermarket options for many popular pistols but also service many OEM customers such as Sig Sauer, Wilson Combat, Tactical Solutions, STI and others.

The Sig Sauer P238 is a favored gun for concealment in pockets, purses, or holsters, and can now be further tailored to fit different lifestyles and modes of carry with four new grips in Hogue's Extreme™ G10 Series. Adding to their already vast selection of P238 G10 grips, Hogue now offers Smooth and Piranha Grip versions of their G-Mascus® Dark Earth and G-Mascus Purple Lava. Dark Earth is a top color choice for those going for a precise, tactical look, while Purple Lava gives a cool, pop of color for a more announced look and feel.

Hogue is also giving a facelift to the P938. As the most compact 9mm in the SIG SAUER product line, it can now also be the most colorful and attractive with the addition of a Hogue grip in five new G-Mascus offerings: Red Lava, Blue Lava, Pink Lava, Purple Lava or Dark Earth. All new colors also come in either a Piranha Grip texture for a more aggressive touch, or in Smooth G-Mascus for a sleek, more subtle feel.

All Hogue products are manufactured in family-owned and operated facilities under the direct supervision of the Hogue family. Hogue, Inc., supports local dealers and encourages customers to purchase Hogue products locally. For more information please call Hogue directly at 1-800-438-4747 or visit www.hogueinc.com to find a Hogue dealer near you.
