

HOGUE INCORPORATED ANNOUNCES 3-PIECE FURNITURE KITS FOR AR/M16 PLATFORM RIFLES

Henderson, NV – Hogue, Inc., America's premier manufacturer of firearm grips, stocks, AR components, knives, holsters and gear has good news for AR builders: the company is offering 3-piece furniture kits that include a beavertail grip, collapsible buttstock and a free-float rifle-length forend in color-matched OverMolded rubber. "Our 3-piece AR kits put Hogue's high-performance OverMolded rubber at every contact point on an AR," explains Hogue's Director of Sales and Marketing Ryder Jones, "and that makes for a cool, comfortable, great looking, straight-shooting AR."

The kit's free float forend features a fine-threaded 6061-T6 anodized aluminum tube OverMolded with Hogue's specially-formulated rubber – a comfortable, tactile, heat-resistant alternative to bulky quad rail systems. A threaded aluminum rail extension is included along with a variety of aluminum and polymer rails for maximum configurability. Hogue includes their custom-designed, two-diameter, polymer "Black Gun Wrench" in the kit as a convenient alternative to a strap wrench.

The Hogue AR collapsible buttstock improves on competitive offerings by overmolding rubber on the stock's cheek rest and butt pad. A hard polymer stub on the top of the butt pad ensures snag-free shouldering. The MIL-Spec sized buttstock features a snug, no-rattle design and three sling mounting positions on each side.

Hogue's beavertail pistol grip features superior ergonomics via compound palm swells, perfectly-spaced finger grooves and a super-comfy cobblestone texture for maximum control and performance with every round.

Every Hogue furniture kit includes a MIL-Spec buffer tube, buffer spring, hardware, a variety of rails, a swivel stud, swivel sleeve and installation tools – everything a builder needs to complete a high performance AR, ready for the range, field or competition.

Kits are available in a variety of colors including Black, OD Green, Flat Dark Earth, Ghillie Green, Ghillie Earth, Pink, Purple and Red Lava. MSRP for the kit in Black is \$299.95 while colors are offered at \$319.95. Hogue's 3-piece AR kit prices reflect a 10% savings over the cost of purchasing each component separately.

Hogue AR furniture products are proudly USA-made. All Hogue products are manufactured in family-owned and operated facilities under the direct supervision of the Hogue family. Hogue, Inc. supports local dealers and encourages customers to purchase Hogue products locally. AR/M-16 3-PIECE KIT

FOREND

RIFLE LENGTH OVERMOLDED® FOREND WITH ACCESSORIES

- ▲ The free floating forend enhances accuracy by keeping stress off the barrel.
- ▲ Constructed with 6061-T6 aluminum and anodized according to military specs.
- ▲ Rubber gripping area insulates hands from heat and shock generated by rapid fire.
- ▲ Complete assortment of mounting accessories included.
- ▲ Aluminum rails at the same height as flat top receiver for iron sights.
- ▲ Perfect, comfortable alternative to bulky quad-rail systems.
- ▲ Includes the Hogue Black Gun Wrench for installation.

INCLUDES
INSTALLATION
WRENCH

3 Hole Aluminum Rails

2 Hole Polymer Tail Rail

45° Offset Rail

Barricade Stop

Swivel Stud & Swivel Sleeve

BEAVERTAIL GRIP

OVERMOLDED RUBBER BEAVERTAIL GRIP WITH FINGER GROOVES

- ▲ Hogue's famed orthopedic handshape with compound palm swells and proportioned finger grooves position the hand naturally.
- ▲ Cobblestone texture provides an efficient non-slip, non-irritating stippling pattern.
- ▲ Made from modern durable rubber which is virtually impervious to all oils and solvents found around firearms.
- ▲ Feels soft and resilient in your hand, yet is molded with super-strong, but lightweight, reinforcing inserts which directly engage with the rifle action for a rock-solid grip fit.
- ▲ Trigger guard filler is designed for use with standard trigger guards yet can be easily trimmed off if not needed.

BUTTSTOCK

OVERMOLDED COLLAPSIBLE BUTTSTOCK

- ▲ Reinforced polymer construction with rubber cheek rest and rubber/polymer hybrid butt pad that provides snag-free shouldering.
- ▲ Snug anti-rattle friction fit prevents unwanted movement.
- ▲ Multiple swivel sleeve and sling mounting locations.
- ▲ Includes Mil-Spec buffer tube and hardware.
