

SIG SAUER KNIVES

HOGUE KNIVES ANNOUNCES THEIR LINE OF SIG SAUER BRANDED KNIVES

Henderson, NV – Hogue Knives is proud to announce a partnership with SIG SAUER to produce knives with the “SIG” mark designed to match the grips, and finishes, of many of SIG SAUER’s popular firearms. “Hogue is the manufacturer of many of SIG SAUER’s firearm grips,” explained Hogue owner, Neil Hogue. “We use the same G10 material for the gripping on these knives as we use for the grips we produce for SIG SAUER firearms, which allows us to exactly match the dye and materials, and control quality. The blade is finished to replicate the coloring of the pistol coating which makes it a great companion to a SIG SAUER firearm.”

SIG SAUER world renowned firearms are known for raising the bar when it comes to quality and innovation which has made it the brand of choice amongst the U.S. Military, the global defense community, law enforcement, competitive shooters, hunters, and responsible citizens. Like SIG SAUER, Hogue knives shares the same drive to be the best, love of freedom, and an unwillingness to compromise.

All of HOGUE’s “SIG” marked knives pair with the popular styles of the SIG SAUER firearms Hogue produces grips for. Each have the familiar “SIG” mark either machined in G10 or inlaid with a circular medallion. Hogue’s popular X5, EX-04, and EX-01 knives (both manual folding and automatic variations) are available to match SIG SAUER’s Emperor Scorpion and Exclusive Series Firearms including the Legion Series. Hogue’s EX-02 flippers are available to match ASE, Extreme, Scorpion, and Emperor Scorpion firearms. Finally, the Hogue EX-F01 has matches to SIG SAUER’s Stainless Elite and Exclusive Series firearms.

Hogue knives are made in the USA. MSRP ranges between \$199.95 and \$279.95. Hogue is the exclusive manufacturer of SIG SAUER automatic knives. Hogue supports local dealers and encourages customers to purchase their SIG SAUER knives locally. For more information please call Hogue directly at 1800-438-4747 or visit SIGKnives.com.
