

HOGUE INC ANNOUNCES A HANDALL® BEAVERTAIL™ GRIP SLEEVE TO FIT THE COMPACT SIG SAUER P320

Henderson, NV – Hogue Incorporated is proud to announce the latest addition in their line of HandALL® Beavertail™ Grip Sleeves with a model precisely designed to fit compact sized SIG SAUER P320s. “Our customers have been rather vocal about a compact model since the release of our popular full sized P320 grip sleeve,” said grip designer Matt Hogue. “The compact model P320 is ideal for home security, concealed carry and target shooting. The precision features of our new grip sleeve compliment the enhanced design of this firearm by producing a perfect combination of accuracy and confidence throughout the shooting experience.”

The Beavertail Grip Sleeve is installed by slipping it over the P320's polymer frame until it seats perfectly into position. The sleeve is precision manufactured to provide a secure and comfortable fit. Once installed, the HandALL sleeve's finger grooves offer instinctive handling and control of the firearm. The grooves lead into a gentle palm swell that has been carefully designed to fit naturally in the hand. The beavertail built into the grip sleeve rises high along the backstrap of the frame. This provides hand comfort higher on the grip. In addition, the beavertail also cushions the hand during recoil by providing better distribution of recoil forces. The built-in features of the grip sleeve provide comfort and confidence which in turn promote accuracy.

The HandALL is built from a long-lasting durable thermoplastic elastomer compound. This rubber ages very gracefully and keeps a firm, tacky feel throughout the life of the grip. It will not harden, split or crack with age or usage. The surface is covered with Hogue's familiar Cobblestone™ texture, a series of small circular bumps that provide an efficient non-slip, non-irritating grip on the rubber. This model of HandALL Beavertail Grip Sleeve has an MSRP of \$10.95 for black, and \$12.95 for OD green, flat dark earth, aqua, pink and purple.

Hogue Grip Sleeves are manufactured in their family-owned and operated facilities under the direct supervision of the Hogue family. Hogue, Inc. supports local dealers and encourages customers to purchase Hogue products locally. For more information please call Hogue directly at 1-800-438-4747 or visit www.hogueinc.com to find a Hogue dealer near you.
